DOMINION DAY IN CLARESHOLM.

The greatest of the great. The Dominion Day celebration in Claresholm even surpassed the dreamer's vision. It was a success in every way and all connected with it had every reason to feel that the day had been well spent. It was a blustering hot, but a south-westerly wind tempered the solar heat and everyone enjoyed themselves to the full. There was a bumper crowd at the races, a big crowd at the I.O.O.F. concert, and a big crowd at the M.W.A. dance. Everything was generously patronized. The visitors began to flock in from early morning, but by 10 o'clock a steady stream of people, that success was to be written in large letters.

Those selling flags did a hand off business and the descriptions were gay. The attendance at the races in the afternoon was a record breaker. Over 1500 passed through the gates, and everyone enjoyed the sport immensely. The track was a picture of confusion with between races but the events themselves were so excellent the weariness was swallowed up in enthusiasm.

The harness events were keenly contested but the running races drew the largest list of competitors. The Claresholm Derby was worth going many miles to see. It was a hot go for the boys, but when the Greasy Pete exposed the wire win, but a neck ahead of Llandaff the excitement was intense. Royal George was the favorite in the betting, but he didn't get started right and had too much ground to cover. His jockey protested the race the ground that the track of Greasy Pete had been cut down. The Maroons won the start but other than this there was no finish. In Royal George's face and kept him back, but the judges after hearing all the stories, and judging them to the evidence of their own eyesight, gave a written decision that there was not a sufficient ground for the protest, received a "C. O." of Williams. Greasy Pete was declared the winner, but the start but other than this there was no finish. The horses will all meet at Calgary, and their merits can then be sized up on the city track. Mr. J. R. Wats, Rauch, King was on the shelf yesterday, a sufferer from cold, but it is expected that he will be in shape for the Calgary races. The Derby goes with a decided conviction.

The track was in fine shape, the weather just right for speed, and better races were never seen in Southern Alberta. The results were :

It was a hummer.

Canada's 42nd birthday was as

skittish as that of a five year old.

Those of us who were born in the

celebration as keenly as those

born under the maple.
The purveyors of refreshments were

only limited in scales of the stock

carried.

The weather was superb, not one man

injured himself. The police had also the pleasure of looking on.

Cheverille played against Claresholm league base ball nine before a big crowd at night and went down to defeat 12 to 4. They did well considering the advantage of both teams.

Stavely band provided the music.

The band is good and the town

should provide uniforms. It would

be a paving advertisement.

Granum was well represented and

so was every where else and all enjoyed

the day.

Claresholm reputation was well sustained and the town prestige is greater than ever.

The band of the Methodist

church served meals to scores yesterday

and did it well to their financial profit.

The Guild had a refreshment

both located at a strategical corner

and did an excellent business selling

ice cream and lemonade.

Oh, Yes, We Liked Granum

Was it a great game?

Well, just ask your uncle.

He was there and acted like a school

boy let loose for the holidays. Claresholm 5 - Granum 3.

Ball, why bless you, we enjoyed it.

It was the best game we ever saw.

DOMINION OF CANADA.

July 1st, 1867 — July 1st, 1909.

On Thursday Canada celebrated the 42nd anniversary of Confederation, and while young in years as nations go it is a lusty youth in development. There is much to stimulate patriotic pride in a look back over the years and one is forced to marvel over the achievements of even the past ten years. Confederation was a happy inspiration. The Browns, Macdonalds, Dorions, Cartiers and others bled better than they thought. These men had a large outlook, but could they return to earth's activities long enough to place another speech on Hansard we fancy they would frankly confess that the Canada of to-day is a greater Canada than was even dreamed of at the historic assembly in old Quebec, a trifl e over 40 years ago.

The fragmentary provinces have been welded into a vital nation. A nation within an empire, a country in which democracy receives its freest expression and leaves its largest impress on the people's thought.

Great as Canada's achievements have been they but a tiny reflection of the development to come. Every man who lives under the Canadian flag is free to think as he pleases, but all are impelled by the highest of patriotic impulses to work together for the upbuilding of the greatest democracy the world has yet seen. This young nation has history as a guide book, and high motives as an impulse. Canada's course is to avoid the mistakes of other nations, to exalt their virtues, and to mark out a trail in which there will be the fewest possible obstacles to the development of a strong free and intelligent people. The freer and more intelligent the subject the stronger the state. May God bless Canada.

The Review acknowledges receipt of a new map of Alberta, compiled by the officials of the Interior department, Ottawa. It is certainly a handy and right up to the minute. Mr. Oliver has reason to be proud of his map makers.

Next week the Calgary Exhibition, or rather Alberta Exhibition, will open and it will be the advantage of every one who can, to go to the commercial metropolis of the province and enjoy the excellent programs arranged for. The exhibition managers have arranged for cheap fares and the exposition should serve to show the growing wealth of the province. Its a provincial exhibition. Make it such.

Clareholm exhibition directors are making arrangements for the first Agricultural Exhibition to be held here the date fixed being Aug. 3rd. The Review in succeeding issues will endeavor to let the public know of the arrangements made and for the present would urge all to take a per-

sonal interest in it. A good agricultural exhibition means more to a town than a Caledonian parade. It successful it should serve to advertise the rich natural resources of the district. The managers are doing everything possible to provide for a successful show but to make sure doubly sure the co-operation of every citizen of the town and more important, every farmer of the district is urged.

A minister in Calgary discusses the question as to whether the city is religious or not. The newspapers answer by depicting gaudy and the baseball matches, and the police give added emphasis by trying to prevent in one day owing to lack of full accomodation. Calgary is apparently going to bed bad.

Calgary newspapers are clamoring for the suppression of prize fighting in one column and heating ten cents a line flatly on a drunken brute, formerly a pug, in another. Oh! yes, Calgary's a real good town.

W. Gage & Co., the well known wholesale stationers and publishers, Toronto have reached the 60th milestone in a continuous journey of prosperity and have marked the event by issuing an illustrated booklet giving the story from 1844 to 1909. Needless to say the book is gotten up on a scale worthy of the house. It is one of the richest typographically seen for many a day, and in itself is a splendid advertisement for the house both as to quality of goods and excellence of workmanship.

RIGHT YOU ARE, BROTHER.

Two mails a day on the C. & E. between Macleod and Calgary, with service at the intervening points, is another of the town's urgent needs—Macleod Advertiser.

Public Spirited Officials

The Review a few days ago drew attention to the disadvantage the business community suffered owing to there being no mail service on the main town south, and on the evening train north for towns between terminating points. The protest has already borne fruit and the officials have shown their desire to serve the public interest by remedying the grievance and that without delay. On July 1st the south train at noon started carrying mail to Gramma and Macleod and the north mail as far north as Nanton. The limit is placed at Nanton owing to the train not reaching other points until after the post offices are closed. The Review congratulates the officials on their move—not because we advocated it but because it will prove a great convenience to the business men, and because it shows that the officials are genuinely desirous of giving the public the best possible service.

Clareholm business men will be elated because not only will they be able to reach the points mentioned more promptly but will also more readily catch stage mail to Crowsfoot, Monarch and similar points.

Chance for Publicity

A plan has been hit upon whereby it has been made possible for every district in Alberta to receive the very best kind of advertising through the world, as a result of the Alberta Provincial Exhibition in Calgary between July 5th and 10th. Arrangements have been made for the arrangement for moving pictures of the great historical pageant to be held on the morning of July 5th, the opening day of the fair. These moving pictures will be exhibited first at St. Louis during the Alaska-Yukon-Pacific Exposition, and afterwards in connection with a lecture tour throughout all the provinces. The men in charge of the moving pictures of the great historical pageant, will by means of these moving pictures, introduce it self to millions of people on the five principal continents. The opportunity is offered and it may rest with the people of the province to decide whether or not they appreciate the enormous value which are inherent to the district if they identify themselves with the patriotic movement.

There is sufficient time remaining before the exhibition opens, for every district in Alberta to arrange to be represented in the historical pageant, which will be a portrayal of the development of the province from the days when the Indians reigned supreme down to the present industrial epoch. Any town, community or district in the west wishing suggestions as to the most appropriate way to proceed in order to receive the greatest possible measure of publicity for the moving pictures, should do well to consult some one appointed for the purpose to write N. S. Wilson, secretary of the Pageant Committee, Calgary.

Building Up A TIRED SYSTEM

A sense of weariness and debility is due in most instances
to lack of proper nutrition. The nervous system is not well
out if it's only improperly fed. The nerves get their nutrition
from the blood—the blood is formed from the products of diges-
tion.

Improvement by energy and weakness by strength,
digestion must be improved and the blood must be enriched.
This is what always results from taking Johnston's Quinine and
Iron Tonic. It helps at once and a lot of pain is permanent.
It increases appetite, aids digestion, creates red, rich
blood and builds up vitality and energy.

"Who's Who" In the Story.

SATAN SANDERSON, the here-and-there antique friend and minister of the Gospel.

HUGH STIRES, prodigal and criminal.

JESSICA HOLME, the beautiful girl who was in the rush of events as the central figure in a case of mixed identity.

MRS. HALLORAN, the ex-wife.

DAVID STIRES, stern, yet happy giving, and at the last most happy.

THE BISHOP, the victim of a misunderstanding.

HALLELUJAH JONES, the religious fanatic on whose shoulders rests the whole weight of the story.

EMMETT PREENDERAST, the false friend, perfumer and thief.

THE SHERIFF, who is very interested between duty and inclination.

"BIG" DEVLEN, who turns champion instead of prosecutor at the hero's face with death.

Chapter I

TO me our Hugh, in return for the cure and sorrow he has caused me all his days of life, his love for his wife and his desertion, I do give and bequeath the sum of \$1000 and the memory of his unspent youth.

It was very quiet in the wide, richly furnished library. The day night was still, and the air was filled with the fragrance of jasmine flowers stirred the Venetian bidental before the open window. The petals of the silvery leaves of the aspens outside. As the incisive professional pronouncement of the Judge cut through the air, a pencil dropped from the top of the wheel chair set more grimly, a gift seated in the shadow of the fire screen cast her breath, and from beneath her white hair, Harry Sanderson turned his headstone, clean shaven face and looked at the old man.

A pencil pointed to the right, where he had written the latest in the church chapel for hobby and for the parish.

This only time, Hugh, a black sheep who had been a member of the town had borne as best in might till the tradition of his foibles took hold of an entire generation.

A reckless life and those waters ahead had sent him back to resume his natural vocation on a larger scale, to quarrel bitterly with his father and to serve his home in anger.

"Wait!" came the querulous voice from the chair. "Write in 'gracious' before the signature."

"For his disgrace and his

greasless desertion," repeated the law-

man, the parchment cracking under his pen, yet the parchment cracking under his pen.

Judge Conwell glanced curiously at Harry Sanderson as he plotted the sum of \$1000 and the motor oil invalid, St. James' richest parson, for this young man of twenty-five who had been a black sheep for months before, fresh from his theological school to fit a plain temperate man and his son, the two of them.

One person had ever interested the young man more than Harry Sanderson. He had entered upon his youth with the mirth of youth, good looks, self-possession and an air of command from his birth. He had been with him a peculiar charm of manner and an apparent humility for doing this and that, and even Harry Sanderson was feeling a pride in his own strength.

Now he acknowledged the human weakness of this time with a little motion of the hand. As he spoke he had been feeling his way through a maze of contradictions.

For instance, he had been in that odd time; the Hugh he had known then had sprung to his navel's eye, an immature boy of a certain grace and beauty of manner, but with hollow, foppish and pretentious air.

The company with a belief in his money and his family, the social meeting at his heels. His athletic frame and clean chiseled features made him a rare figure for the reading desk, as his violin practice, the cut of his golf clubs, the immaculate elegance of

his motor car, even the white carnation he wore in his buttonholes, all told him for the present a good pattern of the cloth, and it had speedily grown to be the fashion to which he conformed, perhaps, had led.

Something of all this was in the lawyer's mind as he paused—after a perfect pause before he continued:

"I have lived and bequeath the sum of \$1000 and the memory of his mispent youth."

Harry Sanderson eyes had won him the admiration of three or four girls, the wild smile in the sun glasses of Jessica Holme, the orphaned daughter of a friend of the old man's, the red rose in the buttonhole of the house in the aspens to fill the void left by Hugh's departure. Harry could not have been more popular.

He had been the soul of the party, the most popular in the sun glasses of his eyes. Clear blue eyes they were, wide and full, but there was in them depth of expression, for them a sense of humor, a sense of delicate taste, a point which the judge delectate pointedly pointed the judicial period as with a subterranean echo of irreverent contemplation. Harry saw himself in the mirror, and he was right, then encased in her lap. Plain, graceful hands, he thought, which even though she was a girl, were not bad.

There was a pause. The judge had inspiration. He folded the parchment.

"Perhaps it would be as well," if he said in a matter of fact way, "if the signature be left open for the present."

"To whom?" asked the old man.

"The residue of my estate, real and personal. I do give and bequeath to my wife, Jessica Holme."

He broke off suddenly, for the girl was thinking by the chair groping for the rest of her hand which had slipped from his. And then again he had a thought.

"I am a sinner, but I am a sinner who loves God, and I am a sinner who loves Jesus Christ."

There was a pause. The judge had inspiration.

Synopsis of Coal Mining Regulation

Coal mining rights of the Dominion, in Manitoba, Saskatchewan, Alberta, and the Yukon Territories, and of the Province of British Columbia, may be leased for a term of twenty years, and the lessee may retain the coal produced, not more than 2,500 acres will be leased in one application for mining rights.

Application for mining rights in the districts in which the rights are applied for, the land must be described in the application, and in unincorporated territory the tract must be described.

Each application must be accompanied by a deposit of \$100, and the amount deposited is refundable if the lease is not granted.

Every lessor of coal mining rights which are granted, shall pay to the Minister of the Interior, Agent of Dominion Lands with a sworn statement of the amount of coal produced.

The lease will include the coal mining rights only, and the lessee may retain the coal produced, where whatever available surface rights may have been granted, and the lessee may mine the coal at the rate of 40 tons per acre.

Applications for mining rights should be made to the Secretary of the Department of the Interior, Agent of the Dominion Lands, or Agent of the Dominion Lands.

W. W. GORE,
Deputy Minister of the Interior,
N. B.—Under the new Coal Mining Act, the assessment will not be paid for.

Barrett-Elgin.

A pretty June wedding took place on Monday morning when Miss Mary Ellen Elgin, daughter of Mrs. Elgin, Third avenue, became the bride of Mr. John Wesley Barrett, of the REVIEW staff. The nuptial knot was tied by the Rev. A. B. Argue of the Methodist church, in the presence of a number of friends of the contracting parties.

The bride looked handsome in a beautiful creation of the dress makers art, a lace robe over cream silk. She wore a Mechlin lace veil with orange blossoms. She was supported by Miss Florence Gilmor, who was also charmingly gowned. The groom was supported by Mr. Albert Payne, of Towner, North Dakota. After the ceremony the guests sat down to a recherche wedding dinner at which the bride and groom were extended best wishes. Mr. and Mrs. Barrett left on the evening train on a honeymoon. Mrs. Barrett's going away suit was of brown worsted with hat and gloves to match. A large circle of friends join in wishing them a long, happy and prosperous wedded life.

Among the gifts received were a set of pillow shams and lace bed set from her mother; silver butter knife and sugar server, Miss Gilmor; silver knives and forks, Mr. and Mrs. A. M. Elgin; fancy water set, Mr. and Mrs. J. A. Elgin; China cake plate, Mr. and Mrs. E. L. Elgin, silver mounted pickle cruet, Mr. and Mrs. E. C. Payne; silver sugar shell, Mr. and Mrs. W. W. McAllister; silver mounted fruit dish, Miss Olive Solberg; China cake plate, Miss Clara Hilger; China biscuit jar, Mr. and Mrs. J. B. Boese; set of silver spoons, Mr. A. McAllister; set of tray towels, Misses Mary and Jean Robinson; table napkins, Miss Clara Frederick; table cloth, Mr. and Mrs. Robert Gilmor; parlor lamp, Mr. and Mrs. Fred. Anderson; salt and pepper set, Misses Pearl and Vera Elgin; gilt clock, Sydney Becket; china celery dish, S. A. Ash; silver meat fork, Mr. and Mrs. Ed. Robertson; parlor rocking chair, Mr. and Mrs. Quayle, and many others.

Ardell-Barclay.

A quiet and interesting June-end wedding took place in St. Aidan's Church at 7 o'clock Wednesday morning when Miss Marie Mansen Barclay became the bride of Mr. John E. Ardell, jeweller, of Claresholm. The beautiful and impressive wedding vows as expressed in the Anglican ritual were pronounced by Rev. R. T.

Stamer, rector of the church in the presence of a number of friends of the contracting parties. The bride looked charming in a natty travelling costume of white with hat to match, and was given away by her brother Mr. W. Barclay, acting mayor of Claresholm. She was unattended. After the ceremony Mr. and Mrs. Ardell took the Calgary express on a trip to Vancouver, Victoria and other Pacific Coast points. Hundreds of friends join in wishing the popular young couple an abundant share of prosperity and happiness. The Review joins in the greetings, and hopes this good town will long have Mr. and Mrs. Ardell as citizens.

On her return Mrs. Ardell will hold a reception on the evening of July 21st from 8 to 10 o'clock.

Wyley-Fowler.

Mr. Alfred Wyley, formerly connected with the REVIEW was married in Winnipeg on Monday to Miss Fowler, formerly on the Claresholm school staff.

Additional Local

Miss Preston was in Macleod on Wednesday.

Mr. S. L. Fraser, went to Lethbridge Tuesday on a business trip.

Mr. I. F. Snyder of the Pioneer Lumber Co. left for Iowa, Wednesday noon on a holiday.

Mrs. Dr. Learn and little son are holidaying at Meadow Creek the guest of Mrs. D. A. McKinnon.

Mr. Gourshey was sent to Macleod hospital on Tuesday suffering from what appeared to be appendicitis.

Mr. and Mrs. John Fullerton of Bankview Calgary spent Dominion day in town the guest of Mrs. Fullerton's brother Mr. T. A. Sedgley.

J. W. Glenwright of Calgary Provincial manager for the Prudential Life Insurance Co. was in town this week assisting the local representative Mr. G. Moir.

A recent letter from Inspector Canies states that his health is not what he hoped for and his furlough will be extended a month. He is in Winchester England.

Mr. and Mrs. L. H. Ugland and family left Wednesday night for Devils Lake N.D. to spend a vacation. Mr. Ugland will be absent about ten days. The family will remain two months.

Mrs. O. L. Taylor arrived from New York on Saturday and after spending a few days visiting friends here will rejoin Mr. Taylor at Carmangay where he has opened a general store.

Plymouth twine is not the cheapest twine but it is the best twine.

Plymouth twine is made only from finest selected manila fiber.

S. L. Fraser sold a half section this week to Thomas Ellison, and another half section to Mr. Story who comes from Ontario.

The Ladies Aid of Star Line District are going to have a social entertainment at the home of Mrs. Smith, one half mile south of Star Line school house, on Thursday, July 15th. Everybody invited.

Mayor Frost and family returned Wednesday night from a two months trip east. His Worship received the glad hand on all sides and everyone is glad to see him back.

The north bound express was three hours late Thursday night owing to a construction train being derailed at Cut Bank. A piece of track had to be built to let the passenger by. A fireman was reported as seriously scalded.

Mr. J. A. Smith has a remarkably interesting clock in his window. It is a "Universe" clock and has a number of dials which shows the time in different parts of the world. It is certainly a clever contrivance.

Mr. Argue, of Richmond Ont., who has been visiting his son Rev. A. B. Argue returned Tuesday night. He will visit other members of the family in Saskatchewan and Manitoba enroute.

Miss Barbour of the public school staff left on Wednesday for the Pacific Coast. At Calgary she was joined by Miss Ketcheson of the Edmonton staff and they will tour the coast together.

A wages case in which D. W. Brown sued Ira Allen for \$175 was heard before Magistrates Hotchkiss and Moffatt on Saturday and resulted in the plaintiff being allowed \$54 the amount which Mr. Allen said he owed him.

Rev. P. Henderson arrived home from Ontario on Tuesday nights train looking much the better for his holiday. He returns to his work with increased vigor and the inspiration of a decidedly interesting gathering of the general assembly.

Fred Dionne, a boy 13 years of age was before the court last Saturday charged with attempted house breaking. The boy, who is a halfbreed can scarcely be described as criminal, and Magistrate Hotchkiss while formally sentencing him to three months is endeavoring through the Provincial authorities to have him placed in some school where he will be taught a trade and educated. Alberta has no reformatories nor is it desirable that it should, but this is a case where finding a foster home would not likely have the desired result. It is hoped to place him in the school at High River.

Claresholm Fair

At a meeting of the Claresholm Exhibition directors on Saturday arrangements were completed for the 1st exhibition to be held on August 3rd. The various committees were appointed and from now on everything will go with a swing. The Fair will be held on the Turf Association grounds and tents will be used this year. The directors hope for generous co-operation from the farmers and ranchers and have prepared a prize list of generous proportions which will be off the press this week. A committee composed of N. G. Holmes, J. T. North and was appointed to solicit the special prizes. They were to get to work as soon as the Dominion Day celebration was over. Merchants and others giving special prizes will be given publicity to the full value of the contribution.

Granum

Railway Avenue has undergone quite a "spring cleaning." In other words, a few dirty looking shacks, otherwise known as stores, have, since the flight of the snow, been improved off the face of the earth, and the sites thereof have been utilised for the up-to-date merchant and trader. The Blair Blair block is an innovation, but next door the old barber's shack a fine hair dressing parlor has been removed bodily to opposite the Alberta Hotel, and a swell sidewalk has been fixed up for the convenience of its patrons and others.

Mr. Joffrey has metamorphosed his meat market, and has quite a modern store for his fish, flesh and fowl products, as well as for all the vegetables peculiar to the culinary art. With his mache and his farm at hand, he is able to supply home-made goods, with the exception of his fish, which he imports direct from B.C., instead of tedium the leavings of the middle man in Calgary.

Another new and handsome store is the saddlery and harness making and repairing shop of Mr. Dash, who left his old stand near the Royal Hotel this spring. He has a couple of fine windows which are dressed in an effective manner with all the ready-to-wear requirements of horse, ass, mule and ox. A practical harness maker, Mr. Dash is doing well, and his store adds variety as well as signs of increased commercial prosperity to Railway avenue.

The present temporary barracks of the Royal North West Mounted Police are about to be vacated by the constable in charge here to make way for Sam Lee's laundry. There being only one laundry in Granum Mr. Lee has been obliged to find better and more commodious quarters for his work from the shack adjoining the livery barn opposite the station, so he has purchased the barracks from the owner, and takes possession on the first of July - Dominion Day.

Until the new fire hall is erected the members of the R.N.W.M.P. will occupy the old shaving parlor formerly owned by George Masters and kept by W. W. Kilby.

At last Granum is to have a fire hall. Probably the next we shall know will be that a fire brigade has been formed. And when this is no small task it may turn out that the council will install some fire fighting apparatus without waiting for a resolution. Things do move, and so must those in this good old town.

The gentleman who purchased the goats' breeding business of the G.H. McLean Co. is now engaged in breeding colts shortly and on their arrival will be known as Miss McLean and the three little colts are on their way from Newfoundland to Granum, and will probably have reached here as theink in this issue is

drying. The elder Collin has got the "nest" ready for their arrival, and they will find a comfortable home awaiting them in Aberdeen st., in the home recently vacated by the Coghlans who have gone into their new residence in the aristocratic part of the town.

The telephone system has been enlarged here, and we now have a local exchange. The local merchants having commenced sending goods home the telephone will be a great boon to ladies in ordering their meat and the other requirements of a well stocked commissariat over the phone instead of having always to visit town to make purchases, or to trust to the doubtful memories of their lords and masters for supplies at the proper hour. But we are getting on.

It takes time even to get used to bixies, and the story goes that the proprietor of one of the local hotels hearing the phone bell rushed upstairs to the fire extinguisher searching the upper rooms for the incipient conflagration. After a fruitless search, returning downstairs, he felt rather cheap to discover it was only someone ringing up for, probably, a Manhats tan.

Mr. and Mrs. Felix Sandgathe paid a visit to Calgary recently, and so did Mr. J. Collin.

The freight shed is waiting for a coat or two of paint, and then the station will round out of a main line depot in a big city. There was a time when Winnipeg could not boast of even as good a depot as Granum has at present.

The superintendent of the line here should have his attention directed to the great inconvenience caused by first class passengers at this station desiring to alight here from the north bound trains. The engine, baggage, express, and the colonist cars are all pulled up at the platform, but first class passengers are compelled to alight on the pebbly "beach" where there is no platform, and consequently have a nasty dangerous jump to negotiate. If the locomotives, which have nothing to do at the platform, were stopped just beyond the north end of the platform the off would be remedied. When a claim for damages for personal injuries is made against the company will be no later to do that which the common sense of the driver and conductor ought to do without instructions from head office.

The Board of Trade should see to it the interest of the town.

Sandberg might be allowed to sample the yellow "dough boy" to whip up the leady slogan to the public houses which is based on a quick bite, but of stagnant, rank, to boiling, thin, living water. It is no use to make the uniform and breath of the town.

Why do not the big companies take steps to change the "dump"? These

old "dump" to justify its further use, and when the wind blows from the north the stench pollutes the entire town. At the same time they might find a more distant and suitable burial ground for deceased horses and cattle than close to the athletic grounds. A visit from the Provincial Medical officer of Health will be invited soon, unless the local authorities take the hint and remedy these defects which are unsuitable to anything but a "one horse" town.

Miss Mackenzie has taken the shop next to the Snell store, and it has been very neatly fixed up for an exhibition of ladies' headgear creations. The window has been built with a view to the adequate display of the gorgeous and ample structures peculiar this season to the ornamentation of the female head divine, being both lofty and broad.

As for our cherished hopes! The Royal hotel lake is no more, it was filled up on Saturday and the long expected regatta between the canoe club of the C. P. R. ornamental water and that of the Royal Yacht Club of Granum has been completely knocked on the head, so that visitors to the forth coming sports will have to be contented with mere horse races. What a disappointment! Of course, all bets are now off on the two aquatic clubs. The high dive from the roof of the Royal into the lake on the same occasion is likewise very much off. However there will, no doubt, be the usual low dives from the pumpet toward the midnight hour.

Sporting Notes

Stavely and Nanton played in the Baseball League on Friday and it was apparently a hybrid affair, partly cricket, partly baseball. The cricket feature came in on the scoring, the tally sheet showing a total of Stavely 11, Nanton 11. Hains pitched for Stavely and Shields for Nanton, the batters pounding the cover off the ball. The score indicated the play loose and bounding in errors. Mr. Paley, of Claresholm, was umpire and got away with the minimum of roasting.

Gun Club Shoot

At the Gun Club shoot Mr. W. P. Teskey was high man and won the pretty medal donated by Mr. George Farmer to be won weekly. The medal is very neat and will represent the highest score at each shoot. With a maximum of 25 birds the following were the scores:

W. P. Teskey	20
D. Munro	16
G. Gets	14
M. Moggs	12
J. T. Kingsley	12
I. Armstrong	9
J. W. Wooster	6
